THE inventor of this preparation was for three years a completely prostrated from Dyspepsia and inactivity of the Liver that he was frequently for weeks at a time unable to raise himself from his bed. He sought aid from physicians at home and in Europe, but in vain, his case was pronounced hopeless by thousands, and it was by accident that he succeeded in curing himself. Since he has been practicing medicine, his success in such cases has been unrivalled. He has been aware of the incredulity of the public, and consequently said nothing through the press of his own case, until the character of the medicine was fully established by its success, as shown 1; the certificates which have been advertised.

Dr. Bernson:—I take the liberty and fell it to be my duty to recommend to all persons suffering from disease of the stomach and bowels, your Alterative Compound, as a very seperior medicine. My son, aged 15 years, had been under medical treatment about five years for dyspepsia and diarrhea—when having almost despaired of his recovery, I concluded to try your Alterative, two bottles of which, I believe, entirely sured him.

Dr. Burnson:—Some time has einpsed since I gave a certificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saving to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the atomach from dyspensia. I had tried of several whom I thought to be the best physicians in the place and a great many differen medicines, with momentary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from diseases of the liver and dyspepsia.

Dr. Bernson—Having seen the publication of your Alterative Compound, I think it my duty te say to the public, that I had been for years subject to spells of Cramp Colic, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has relieved me in every attack in less than in hour. relieved me in every attack in less than an hour.

Dr. Blerson:—Sir: Judging from the certificates you have already advertised, it will be almost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for years 1 suffered a great deal from Dyspepsia and enlargement of the spieen, and thought that I never would recover. I commenced taking your compound about nine weeks since, and have gained 25 or 30 pounds, and feel about as well as I ever did. HENRY J. GOFF.

This Mill differs from all others in the construction of the upper or Running Stone, which is composed of French Burr Blocks, enclosed in a cast from Case, which forms the back and hoop of the Stone with a Cast from Eve, or Bush, than is of greater external diameter at the bottom that at the top, which is secured to the back by four boilts, so that every block is in the form of a dove tail which sives greater strength to a Stone than any other method which is required in small mills, where the stone is run with great speed, and becomes dangerous if not strongly made. It also gives any weight to a stone of small diameter that is required without having it thick or high, that makes it top heavy.

This mill is a square frame made of wood or cast fron, in the form of a bust, with Bridge-tree, Spinole Belance, Iting Driver, and Regulating Screw, and grinds u on the same principle as a larke mill, differing only in the Runner Stone; this being of great weight enables it to grind nearer the center a greater quantity of grain with less power than any other mill now in use. This mill is portable, and may be attached to steam, water, horse or hand power.

These Mills do not require a Millright to set them up; and all that is necessary to put them in operation, is to attach a hand to the pulley on the spinole, with a drum sufficiently large to run a twenty-four inch Mill 240 revolutions per minute, attached to Gin, Steam, or Water Power. By the steady application of two horse power the Mill will grind a x to 8 bushels per hour of good ment and will grind wheat as well as core. The thirty luch mill, if put to its fullest appeal, will grind from ten to fineen bushels per hour.

Mr. Jorn D. Park—Dear Sir. It is with unattrable feelings of gratitude that I am able, through the Divine Providence of God, and by the wonderworking agency of that excellent medicine, "Guysott's Yellow Dock and Sarsaparilia," to give you a few symptoms of my almost topeless case. In the winter of 1650, I was attacked with a severe pain, which was gradually extended throughout the whole right side and leg; at the same time, a total prostration of my physical system; also, my leg had shrunk to about two thirds of its common size. Iprocured the attendance of a skillful practitioner who pronounced my disease one of the worst forms of liver complaint. He said my case was one not easily handled, but preser bed for me. I remained under his trentment until I was satisfied he could not help me. I then procured of your agent at this place, W. A. Heers, two bottles of Guysott's Yellow Dock and Sarsaparilla, from which I received a vast amount of benefit. After having taken four bottles more I was able to pursue my business without any inconvenience, and have been since that those a well man, while but a short time since I was confined to my bed three-fourths of the time; and I cannot as ribe the return of my health to any other cause than by the agency of that truly valuable medicine, Guysott's Vellow Dock and Sarsaparilla.

They are now by use of the Magnetic Ontiment, nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ontiment in a number of cases of Piles, and in no case has to fetical of giving summaticate relief and generality a permanent failed of giving immediate relief and generally a permunent cure. I have also used it beneficially in severe cuses of Err-sipelas. And last but not least, I have within the last year
